CLEANING

Wellington Insulation have long been associated with industrial and commercial cleaning. Commencing with specialist cleans for asbestos and lead dusts it has spread its operations to encompass all cleaning requirements.

For example:

- General cleaning of schools and public buildings.
- Clearance of fly-tipped rubbish on open sites.
- Soil contamination.
- Removal of dust and carbon dust from old boiler houses and coal stores.
- Cold water tanks.
- Painting of floors.
- Wall painting graffiti removal.
- Air purging for Radon Gas reduction.

We apply the same high standards to our workmanship, be it a problem of toxic dust or gas, or just a general clean and refurbish.
